

# Welcome To Lehigh Acres's Best Traffic School

DriveSafeToday remains one of the premier driving school classes in Lehigh Acres, offering a wide variety of services and online driving courses designed to improve driving skills and boost confidence on the road. Each online traffic school course we offer is fully approved by the Florida Department of Highway Safety and Motor Vehicles, and we make sure our courses meet or exceed all state testing requirements and standards.

## Why Take Defensive Driving

One of the easiest and most convenient ways to learn about Florida traffic safety laws is to take our online defensive driving course. Not only will your driving skills improve, but you will become a much safer driver for yourself, your loved ones, and other drivers on the road. You may even be able to receive a discount on your auto insurance, or even dismiss your tickets!

## Get Your Ticket Dismissed With Our Lehigh Acres Traffic School

Traffic tickets can be quite a headache to deal with, as they incur costly fines and waste time. Thankfully, their impact can be somewhat alleviated by receiving permission and taking a driving course. Requesting to complete a driving course to lessen a citation's severity can also be done by mail, on the back of a citation, or directly in person.

You will be able to register for DriveSafeToday's online defensive driving course after receiving the court's permission. You must complete the course in the court's window, typically within a 90-day timeframe, although it varies between judges. After completion, the Florida DHSMV will be notified by us, and you will be provided with a certification of completion for your records.

## Qualify for an Insurance Discount With Lehigh Acres Traffic School

Most Florida insurance companies recommend DriveSafeToday thanks to our convenient and affordable course offerings. Not only do they come highly recommended, but you may even be able to get a discount on your insurance by completing them!

To see if you qualify for premium discounts, contact your insurance provider directly and ask about driving safety deductions. If eligible, all you need to do is register on our website and

complete our defensive driving course. We will provide you with a certificate of completion after passing the final exam, which can then be sent to your insurance provider to apply the discount.

### **Basic Driver Improvement Course (BDI)**

Our online comprehensive 4-hour Basic Driver Improvement Course is designed to be both straightforward and engaging, including fun stories and interactive content to help you stay focused. This course covers information on drugs and alcohol, car maintenance, driving regulations, special driving conditions, and even vulnerable road users. All of this is taught and instilled to make you a well-informed driver.

You are free to finish the course at your own pace and can complete it at any time within the given timeframe. The course remembers where you last left off, meaning you can log back in and resume from wherever you were. A minimum score of 80% is required to pass this exam, but you are given an unlimited amount of attempts to pass at no extra cost should you not. Once done, the Florida DHSMV will automatically be notified by us, and you will receive a certificate of completion that can be printed out.

### **Traffic Law and Substance Abuse Education (TLSAE)**

Our online Traffic Law and Substance Abuse Education course covers everything you will need to know to be a safe and responsible driver. The course reviews information such as the effects of drugs and alcohol on driving, traffic laws, safe driving techniques, road awareness, and essential responsibilities you have on the road.

You will be one step closer toward earning your Florida learner's permit by successfully passing this course. Taking our course is an incredibly simple and convenient way to fulfill your Substance Abuse Education requirement for earning your permit.

### **DHSMV Online Permit Exam**

You must pass this exam in addition to the TLSAE course to earn your learner's permit in Florida. There are 50 questions on our online exam, of which you must score a minimum of 40 correctly in one timed 60-minute sitting to pass the exam.

As per regulations, there are three chances given by the DHSMV to pass this exam online. If you fail to do so, you will be required to take the exam at your local DHSMV office.

## **TLSAE Course and Online Permit Exam Combo**

One of the easiest, cheapest, and most convenient ways to make earning a learner's permit hassle-free is by registering for our convenient and affordable combo course. This package deal offers you both the TLSAE course and an online permit exam in one convenient and affordable package.

Certificates will be provided for both courses upon completion, which can be downloaded and printed off for your records. We will also notify the DHSMV for you, making this course one of the simplest ways to earn your learner's permit in Florida.

## **8-Hour Traffic School (Intermediate Driver Improvement)**

If a judge orders you to, or if you have received two citations with a year and are not eligible for the BDI course, this course may be required. This course does not have to be finished within a single sitting and can be completed at any time during a given time window. The system remembers where you left off when you come back.

Once done, a certificate of completion will be issued for you to print and submit to the court. You can also request us to mail you a sealed certificate as well. Please be advised that we do not automatically notify the Florida DHSMV when you complete this course.

## **Florida Driving Records**

As a DHSMV-authorized provider of driving records, DriveSafeToday is able to provide 3-year, 7-year, and complete 11-year driving histories for our customers. We utilize the same database used by both the DHSMV and LEA.

To comply with Florida law, provided records do not include your name or address. These records can not be used for official purposes, and you assume all responsibility for them.
