FREELANCING

I feel this deserved its own section as I've come an awful long way over the last year with work in a multitude of sites I deeply respect.

These include GamesRadar, Prima Games, God is a Geek, TechRadar and so much more.

EDUCATION

Joint Honours in Media and Law

*Dublin City University / Dublin, Ireland
2019*

I attended one of the best universities in Ireland and received a 2.2, under my predicted mark of a high 2.1 due to some family problems at the time. This experience was formative to my life and granted me many great lessons I brought into the future
