# 3 reasons parents and teachers support Stuart Waldman for State Assembly...

1

**Stuart is an Educator who will put our children first**

Stuart Waldman is an educator who knows first hand what our schools, teachers and students need to succeed. He understands that our children's education future is determined in the classroom, and not in the boardroom. That's why, as our new Assemblymember, he will fight cuts in classroom spending, create smaller class sizes, provide clean and safe schools, better teacher pay and expand after school opportunities for all our children.

2

**Stuart has a 10-point plan to improve our schools**

Stuart Waldman has put forth an ambitious and detailed plan: "10 Common Sense Solutions for Improving Our Schools." From stressing "Basics for the 21st Century" — teaching the 3 R's, but also computer and vocational training — to his innovative plans to create more "Green" magnet schools in our community, to prepare our students for the coming explosion in "Green Collar" jobs, Stuart Waldman's plan demonstrates why he is the only candidate with the knowledge, skills and vision necessary to help prepare our children for the future in this competitive world.

3

**Stuart will Increase funding for school safety**

Through his experience as a Valley teacher, and as Chief of Staff to former Assembly Speaker Bob Hertzberg, Stuart Waldman knows that our children can't learn if they don't feel safe at school. Stuart has already been instrumental in expanding the highly successful CLEAR anti-gang initiative in Los Angeles. As our new Assemblymember, he will fight to further enhance school safety by expanding drug education, gang prevention, gang intervention, anti-bullying and other child abuse programs, and by cracking down on violence and crime on or near our school campuses.

**Stuart Waldman is the officially endorsed candidate of the California Faculty Association.**
