

Now that you know what Nania needs to survive,  
here are a few stocking stuffers that can help her  
settle in and thrive in her new home ...

## *A Baby Elephant's Christmas List*

*A mud pool to stay cool*

*Nice new friends*

*Treats!*

**Make your gift today to help provide Nania with  
all these things and help other animals in need!**

**NANIA NEEDS A  
SECRET SANTA**

*Could it be you?*

# You can make her holiday wishes come true!

The best gift you could give Nania is a chance to one day re-join a herd of wild elephants. And this Christmas is an important one for the little elephant.

These are a few important things you can give her ...

## The gift of a new home

Nania's temporary enclosure is too small for her – and we need your help to finish building her rehabilitation boma in the wild before we can move her.

This photo is from inside National Park of Deux-Balé – near where Nania's new boma is being built. You can help give Nania a new home for Christmas, and also help preserve wild habitat for animals all over the world.

## The gift of nourishment

Nania still needs her special formula so she can keep growing. The ingredients cost a lot, and so does the cost of shipping it in from outside the country. With your gift today, you can help feed animals in need and help Nania grow with nourishing formula too!

## The gift of being loved

Nania's keepers give her their full attention, at all hours of the day. And it's supporters like you who make it possible. You can help us continue training Idrissou and Souleymane – the keepers who will go with Nania to her new boma to give the little elephant stability and care throughout her rehabilitation.

**Nania could one day join a herd of other rescued elephants like this one because of you**
