Application deadline: April 25

Once your application is reviewed, you may be selected for an in-person interview. If you are selected, you will be contacted with further instructions via your best method of communication as indicated on your application.

If you are not contacted immediately, it does not mean you will not be contacted later to participate in an activity for a marketing or public relations purpose. At this time, we have specific activities planned that require a certain number of participants, but other activities often arise that require other participants. We will keep you record on file for at least one year.

Thank you for choosing COTC. We hope you consider applying for this fun-filled experience.
