Depending on where you buy testosterone cypionate, the typical testosterone cypionate price for a 200mg vial can range from \$50 to \$150. Keep in mind that a dose for a beginner is 400 to 500 mg and you'll need that amount three times per week for 12 weeks. Best case scenario, you'll be paying \$1,200 for a full cycle. Testosterone Propionate is a pure testosterone hormone. Although synthetic it is a perfect replica of the primary naturally produced male androgen testosterone. By design, the hormone is attached to the Propionate (propionic acid) ester, a small/short ester that enables the hormone's release time to be controlled. Testosterone Propionate 100mg/ml - 10ml - Euro Pharmacies Testosterone Propionate is a product for a mass gain cycle. Testosterone Propionate provides significant gains in mass and strength, but with the benefit of minimal water retention. GO NOW Advanced Users Cycle: You can use the above doses for every other day for 8 to 10 weeks.
