It's clearer than ever how connected we all are.
Our actions matter, so thanks for making a difference for this cause.

It's time to...
Plant It
for the
Planet!

Seeds of action grow into massive impact for our planet.

Did you know:
The first Earth Day in 1970 inspired landmark
environmental laws and the EPA?
As we approach the 50th anniversary, let's cultivate
even more positive change for Mother Nature.
Join us as we Plant It for the Planet!

Kick it off with these simple tips...

**Replace inefficient light bulbs
with energy efficient CFLs or LEDs**

Go meatless once a week

Change all of your paper bills to online
(saves trees and the fuel it takes to deliver!)

**Avoid disposable or single-use
plastics like bottles, bags and straws**

You can also support incredible eco-friendly
causes by entering some of our experiences!
Use promo code **GOGREEN50** to
score **50 extra entries**—good through April 19.
